Dear Owen

Letter of support – CPlay, Caroline Bay Playground Development

Timaru District Council is thrilled for the CPlay playground to become a reality at Caroline Bay. Once completed, the playground will provide continuous entertainment, exercise and fun for families and children of all ages and abilities.

We believe that we will see an increase in tourism in the Timaru District because of the playground; playgrounds of this stature are very well-received and a place that people want to visit and enjoy.

Having a purpose-built playground to be functional for children of all ages and disabilities maximises the use of the playground as it is fit-for-purpose for everyone. Children and families will come to play, exercise and socialise, which has a considerable impact on the overall health and wellbeing of our community.

Timaru District Council stands behind this initiative with full support. We believe that CPlay will not only be a playground, but a safe environment for children and families to feel welcomed and included. It has inclusivity as its main initiative, which we love. We see this project as an example of our community coming together to provide better health and social outcomes for the district.

We are supportive of the CPlay initiative, and wish the group all the very best with their fundraising efforts.

Yours faithfully

Nigel Bowen
Mayor
